

## Backflow Assembly Tester Convenience List - 2021

Please note that this is only a partial list and not all certified testers appear on this list. You may wish to check with other resources, such as lawn services, irrigation companies, plumbing companies or other related businesses that may be listed in your local directories. Always verify cost and if test report will be forwarded to the District by the tester. The District assumes no responsibility or liability for these testers.

If you have any questions concerning cross connection or backflow prevention, please contact Sammamish Plateau Water at (425) 295 3213 or by e-mail to [crossconnection@spwater.org](mailto:crossconnection@spwater.org).

Company	Email/website	Phone
